

RESEARCH ARTICLES

- EN** ■ Assessment of in-crop treatments aimed at reducing mycotoxin contamination of maize primarily against *Ostrinia nubilalis* Hbn. (Lep. Crambidae), in addition to diverse tillage systems
A. Binder, T. Schieszl, B. Gerbovits, S. Keszthelyi Art#e251301 / pp. 01 – 07
- EN** ■ Variation in different populations of common pistachio psyllid, *Agonoscena pistaciae* Burckhardt & Lauterer, 1989 (Hemiptera: Sternorrhyncha: Aphalaridae) in Iran
H. Fakoori, E. Sanatgar, M. Lashkari, E. Sedaghatfar Art#e251302 / pp. 08 – 14
- EN** ■ Description of a new species of the genus *Parachrysocharis* Girault, 1913 (Hymenoptera: Chalcidoidea: Eulophidae) from Bihar, India
M. Ahamad, S.B. Zeya Art#e251303 / pp. 15 – 19
- EN** ■ DNA barcode data for the Carpathian headwaters: species-level identification of stonefly (Insecta, Plecoptera) larvae in a biodiversity hotspot of the Apuseni Mountains
A. Dénes, A.-L. Dénes, L. Keresztes Art#e251304 / pp. 20 – 30
- EN** ■ Zerconidae mites of Spil Mountain National Park (Manisa, Türkiye): influences of altitude and habitat on the species composition
D.R. Bulut, G.K. Akyildiz, M. Karaca, R. Urhan Art#e251305 / pp. 31 – 35
- ICH** ■ Age and growth of the needlefish, *Tylosurus imperialis* (Rafinesque, 1810) from the Levantine coast, North-Eastern Mediterranean
D. Ergüden, C. Turan, P.P. Ivanova, S.A. Doğdu, V.S. Raykov, M. Yankova, D. Yağlioğlu, A. Ergenler Art#e251401 / pp. 36 – 42
- HR** ■ On the origin of the easternmost known population of *Podarcis erhardii* (Bedriaga, 1876) (Reptilia: Sauria)
B. Naumov, E. Vacheva, S. Borissov, S. Lukanov, A. Dyugmedzhiev, I. Lazarkevich Art#e251501 / pp. 43 – 49
- TH** ■ Long- and short-range jackal (*Canis aureus* L.) vocalizations: a new approach based on stationary observations of a non-captive family group
Y.N. Konstantinov, I. Acosta-Pankov, N. Spassov Art#e251701 / pp. 50 – 60
- PB** ■ Overview of the Transylvanian Paleogene sea cows' distribution records, with a focus on a new Oligocene locality
L. Veress, V.A. Codrea, M. Venczel Art#e251901 / pp. 61 – 72

SHORT PAPERS

- PB** ■ Early Pleistocene deer at Dănciulești (Gorj County, Romania)
V.A. Codrea Art#e252901 / pp. 73 – 77

REVIEW PAPERS

- HR** ■ Opinion on the evolution of the Linnaean animal species concept, with discussion on his views on the Amphibia
L. Krecsák Art#e253501 / pp. 78 – 89

CORRESPONDENCE / NOTES**ART** ■ Does size matter? Reports of cannibalism in scorpions

(Scorpiones: Buthidae) from Turkey

E.A. Yağmur, A.F. de A. Lira, R. Kurt,

E. Tezcan, İ. Kartal, Ö. SipahioğluArt#e257201 / pp. 90 - 92

ICH ■ Occurrence of Finless sole, *Pardachirus marmoratus*

(Lacepède, 1802) from the Iraqi marine waters

A. Al-Faisal, F. Mutlak, H. AbdulzahraArt#e257401 / pp. 93 - 94

HR ■ Big lizard eats little lizard: a case of saurophagy

from Ikaria Island, Aegean Sea, Greece

I. Vrotsos, A. Christopoulos, P. PafilisArt#e257501 / pp. 95 - 96

HR ■ Rediscovery of the rocket frog *Allobates olfersioides*

(Anura: Aromobatidae) through citizen science

in Rio de Janeiro state, Southeastern Brazil

M.R. Ugalde, R.C. de Mattos, M.R.S. GuimarãesArt#e257502 / pp. 97 - 101
